

SIX FIGURES
TALENT REACH™

What is Talent Reach™ ?

Six Figures' TalentReach™ is a confidential service that combines the latest search technology with human review to generate a shortlist, within one month, of the most suitable member profiles that match your job brief.

It's an innovative and discreet way for businesses to source top talent, online. It offers direct access to passive talent, who are not easily found elsewhere. TalentReach™ positions are not listed on our website, so the service is ideal for businesses who need to keep their hiring strategies low-profile.

It's also cost-effective. The \$1,950 (plus GST) fee is payable only after Six Figures has produced at least two suitable applicants for the registered position. Otherwise, the service is free.

How does Talent Reach™ work?

Employers register for our TalentReach™ service and complete an online job brief template that gives us the information we need to search for suitable candidates.

Our search technology will give us a list of potential candidates from our member pool. Next, one of our Human Resources specialists assesses each of these candidates to come up with a short-list. We contact members about the job—giving them only the details that you have authorised on your job brief template. As many of our members are passive job seekers, we have promised them the same confidentiality that we offer to you. Finally, we pass onto you the CVs and contact details of interested members so that you can contact them and arrange interviews.

As new members join regularly, we conduct two searches within the month to make sure we have polled all available talent.

Who is Talent Reach™ for?

TalentReach™ was designed to meet the needs of businesses who want to hire senior professionals or executives but

- are unable to outsource to a search firm or recruitment agency
- have a job or contract to fill that cannot be publicly advertised
- don't have the internal resources, budget or time to hire directly, or
- want to open up the talent pool to a large group of passive candidates.

As with our other services, TalentReach™ is suitable for contract, permanent and part-time positions.

How much does it cost?

The fee for the TalentReach™ service is \$1,950 (plus GST), payable only after we have found you at least two suitable candidates, within one month.
